CC#5

Circular Letter #313
May 10, 1906

To Superintendents:

Gentlemen:

Special examinations for teachers desiring to obtain the English Graded Certificate will be held as follows:

Fajardo	May 18
Caguas	" 21 A. M.
Aibonito	" 21 P.M.
Coamo	" 22 A. M.
Juana Díaz	" 22 P.M.
Ponce	" 23
Mayaguez	" 24
Arecibo	" 25 & 26
San Juan	" 28
Río Piedras	" 29
Humacao	" 30

The examination will be a class room test of the ability of the candidate to conduct regular grade work in the English language. In the cases of teachers who, without having a licence to teach in English, have been permitted to do work in English during the present years in towns where the examining board will conduct examinations, the Superintendent should arrange, wherever possible, to have the examination conducted in the teacher's own class-room, and in such cases the progress which as been made by the class and the written preparation of work will be taken into consideration in judging the teacher's ability.

Superintenents having teachers who desire to go to any of the town mentioned in order to take the examination are authorized to grant them permission to do so without reporting them as absent. In such cases where teachers have to leave their own districts, their Superintendents should communicate with the Superintendents of the districts where the examinations are to be held so that they may make the necessary arrangements.

The examining boat will consist of the Chief of The Division of Supervision and Statistics, as chairman, assisted by two Superintendents.

Respectfully,

Roland P. Falkner

Commissoner of Education

L.P.A. - K B H. 5200
